- To help the students become a meaningful part of their environment.
- Offers modern, holistic and integrated system of education
- To give every child the opportunity to blossom in a non-judgmental and loving environment that guides them in their pursuit of excellence.

## MESSAGE FROM OUR FOUNDER CHAIRMAN

“ *The challenge before us today is to mould students into caring and creative human beings.* ”

**Dr. K P Gopalkrishna**  
Chairman, NPS Group of Institutions

The contemporary world's attention is focused on education as an instrument for nation development. One of the key factors determining the progress a country can make is the quality of human capital produced by any nation.

NPS provides high standards for educational excellence to their students. We stimulate creativity and develop problem-solving capability in each student. As a family oriented school, we believe that partnership between the family and school is the foundation of a student's fulfillment and success in later life.

All the dynamic institutions in the world today look forward to introducing and affecting a creative approach in educational curriculum. Teachers play a major role in implementing and supporting the students to gain competence in their efforts.

Our objective at NPS is to provide a happy, balanced and challenging environment where our students have the opportunity to fulfill their individual talents and goals. In parallel, we provide a wide range of cultural, sporting and co-curricular activities and a chance to exercise leadership in a sensible and respectful environment. Good schools establish a culture of 'continuous learning' amongst the teaching fraternity. It is inevitable therefore, that innovation, creativity and problem solving abilities will be central in a fast developing world.

## MESSAGE FROM OUR MANAGING DIRECTOR

“ *Education is not just about filling minds, but igniting a fire within, sparking curiosity, and nurturing the seeds of lifelong learning.* ”

**Mr. Pramod Srinivas**  
Director, NPS Varthur

Education is the foundation upon which our dreams are fabricated. It ignites our curiosity, expands our horizons, and equips us with the knowledge and skills necessary to navigate the intricacies of the world. It opens doors of opportunity and engages us to pursue our goals with certainty.

We are committed to giving our children an education that goes beyond textbooks and is holistic and enriching. Our dedicated staff members are the pillars of our school, and I am appreciative of their perpetual commitment to the growth and welfare of our students. Our students uphold Reach Out, Reach High, Reach Beyond, our school's motto, through a holistic approach to education that includes expert guidance, creative freedom, and inspiring innovation.

I would like to express my sincere gratitude to our parents for their belief in their children's educational path. Your participation and support are crucial in forging a close relationship between home and school that enables us to give our pupils the greatest education and holistic development. Let's keep constructing a promising future that is grounded in excellence, kindness, and a strong commitment to lifelong learning.

## MESSAGE FROM OUR DEAN

“ *With every stumble, you will rise stronger, wiser, and more prepared for the road ahead.* ”

**Harshitha Kumar**  
Dean, NPS Varthur

Our school is not just a building; it is a vibrant hub of knowledge, creativity, and growth. It is a place where dreams take flight, where talents are nurtured, and where lifelong friendships are forged. Together, we will embark on a journey of intellectual curiosity and personal development that will shape our lives and leave an indelible mark on the world around us.

Let us embrace the values that define us as a school community - integrity, compassion, perseverance, and excellence. Let's be kind, respectful, and empathic to one another while appreciating the special contributions that each person makes to our rich diversity. By fostering an environment of inclusivity and collaboration, we will cultivate a culture of mutual support and understanding. Remember, the pursuit of knowledge is a lifelong endeavor, and it is the journey itself that shapes us into the individuals we aspire to become.

As we navigate the challenges and triumphs that this year will undoubtedly bring, let us always remember the power of resilience. Life may present obstacles and setbacks, but it is through perseverance and determination that we rise above them. Embrace challenges as stepping stones to growth and view failures as opportunities for learning and refinement.

I want to express my unwavering belief in each and every one of you. Believe in your abilities, embrace challenges, and let your light shine brightly. Together, let us make this academic year a remarkable one, filled with accomplishments, growth, and the joy of shared experiences.

## MESSAGE FROM OUR PRINCIPAL

“ *Education is not a destination; it is a lifelong pursuit that enriches our lives and empowers us to create a brighter future for generations to come.* ”

**Aracha Sinha**  
Principal, NPS Varthur

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education." - Martin Luther King Jr. This inspiring quote encapsulates the essence of our educational journey. Education is about unlocking your potential, nurturing your passions, and igniting the flame of curiosity within you. When learning becomes a joyful adventure, the possibilities are endless, and your thirst for knowledge knows no bounds.

In today's rapidly evolving world, It is crucial to provide our kids with more than just academic knowledge. Integrity, empathy, resilience, and a strong sense of social duty are values we strive to instill in them. Our students come from various backgrounds, cultures, and perspectives; their educational experiences are enriched by a rich tapestry of experiences.

Learning with fun enhances the learning process by adopting qualities of playfulness, creativity, and exploration rather than dismissing the relevance of academic quality. You will hear laughter, see smiles in our classrooms. Our teachers are committed to fostering an environment that is welcoming and encouraging so that children feel free to share their ideas, make errors, and enjoy the learning experience.

Every member of our school community is motivated to make use of the opportunities that education provides, to have broad aspirations, and to devote themselves wholeheartedly to their chosen fields of interest. Keep in mind that education gives you power, and with it, the ability to shape your own destiny and the world around you for the better.

Together, let us embark on this transformative journey, unlocking the boundless possibilities that lie ahead.

# MISSION

## REDEFINING EDUCATION IN VARTHUR

NPS Varthur is a progressive school that believes in "Education for Life". The school embraces diversity and promotes a safe, healthy and nurturing environment for students, where they feel valued, loved and cared for. In the pursuit of excellence, the school sets high standards of achievement for its students in academic, co-curricular and extra-curricular activities, enhance their social skills and inherit values and tradition through various cultural activities.

## SCHOOL LIFE @ VARTHUR

A good school life isn't only about being academically strong, but it should also nurture thinking out of the box, being creative and innovative. Students should feel that they are cared for and encouraged to pursue different interests and hobbies.

At NPS Varthur, students are motivated to be independent thinkers with deep interests in areas such as art, music, sports, leadership skills, and showcase inbuilt talents through theatre, dance and drama. We believe that this perfect mix of intellectual and creative stimulation makes our students develop holistically in all areas of development and become successful, innovative and future ready individuals.

## ACADEMIC GOALS

It is our belief that the success of an educational institution should be measured by the value it adds to each individual.

The school's academic goals can be summarized as follows:

- To qualify every student for entrance into colleges/universities around the world.
- To provide a well-rounded education based on a mastery of English, Mathematics and Science.
- To enable students to benefit from a trilingual educational system.
- To train students in logical reasoning and critical thinking.
- To prepare students to be future ready out in the competitive world.

# SCHOLASTIC PROGRAMME

## Early Years Programme

### Nursery

We follow both Montessori and Kindergarten methods of teaching through integrated curriculum, as these are the 'Foundation Years' during which early linguistic and arithmetic basics, scope for creative play and expression, physical fitness and constructive socialization are stressed upon to build childhood competencies.

## The Primary School Programme

### Grades I to V

The Primary School comprises of Grades I to V. The Teaching pedagogy of these years focuses on developing the intellectual capabilities. Students of primary school are encouraged to participate in a lot of extra-curricular activities.

## The Middle School Programme

### Grades VI to VIII

At Grade VI to VIII, the programme is designed as a pre-CBSE foundation level programme in which several of the skills stressed in the CBSE are developed early. The academic programme promotes breadth of study, that is invaluable to students as they prepare for Grades IX and X.

## The Senior School Programme

### Grades IX and X

As students progress through the senior years, we expect them to become increasingly independent learners with an interest in setting personal academic goals. The High School also provides training to enhance communication skills and encourages students to participate in a wide range of inter-house and inter-school competitions in cultural and sporting activities.
