READY, SET, LEARN: WELCOMING THE NEW ACADEMIC SESSION

There's a certain magic in the air when a new academic session begins. The quiet classrooms that once echoed with silence are soon filled with laughter, questions, and the lively hum of eager minds returning after a refreshing summer break.

But children don't just come back rested—they come back changed. Summer holidays, in their own gentle way, are powerful teachers. From small discoveries at home to big adventures outside, every experience adds a new layer to a child's understanding of the world. They return with stories to share, ideas to express, and most importantly, a spark of curiosity that's impossible to ignore. And that curiosity? It's where real learning begins.

The first few days of school often bring a flood of questions—sometimes simple, sometimes surprising, but always meaningful. Children wonder,

“

The doors are open. The minds are ready. Let the learning unfold.

explore, and try to connect what they've seen during their holidays with what they learn in class. This natural urge to question is not something to be managed—it's something to be celebrated.

As we step into this new academic year, it's the perfect time to channel that energy into something purposeful. Classrooms should become spaces where curiosity feels welcome, where doubts are not dismissed but discussed, and where learning goes beyond memorizing to truly understanding.

For educators, it's a chance to inspire. For students, it's a chance to explore. And for everyone involved, it's a fresh opportunity to grow together.

So, here's to new beginnings—to fresh notebooks, new ideas, and countless “aha!” moments waiting to happen. Let's embrace the excitement, nurture the questions, and make this academic session a journey filled with discovery, confidence, and joy.

WORLD ENVIRONMENT DAY

“
A greener world is not built by grand promises but by countless small choices made every single day.
 ”

World Environment Day was celebrated with great enthusiasm and a strong commitment to promoting environmental awareness among our students. The celebration featured a variety of engaging activities, including thought-provoking skits, vibrant dance performances, informative presentations, and awareness campaigns highlighting the importance of protecting our planet. Students also actively participated in classroom activities such as poster making, slogan writing, quizzes, and discussions on sustainable living and conservation. Through these creative and interactive events, students gained a deeper understanding of their role in preserving the environment and were inspired to adopt eco-friendly practices in their daily lives.

FATHER'S DAY

“A father's love is the first lesson in strength, kindness, and unconditional support.”

Our campus celebrated Father's Day with great enthusiasm, bringing fathers and children together for a memorable day of fun and bonding. The event featured a vibrant painting activity, an energetic tug of war, and lively dance performances, where fathers participated with remarkable spirit and joy. The laughter, teamwork, and shared moments created lasting memories, making the celebration a heartfelt tribute to the invaluable role fathers play in shaping and inspiring their children's lives.

INTERNATIONAL YOGA DAY

“Yoga is the journey of the self, through the self, to the self.” — Bhagavad Gita

Our campus observed International Yoga Day with great enthusiasm, promoting the importance of physical well-being, mental peace, and mindfulness. Students, teachers, and staff participated in a refreshing yoga session, practicing various asanas and breathing exercises under expert guidance. The event encouraged everyone to embrace yoga as a way of life, fostering discipline, balance, and inner harmony while inspiring the school community to prioritize health and wellness every day.

ENVIRONMENT DAY

On the occasion of Environment Day, our students celebrated nature through creativity and learning. They created beautiful paintings using leaves, exploring the beauty of natural materials while understanding the importance of protecting our environment. In the classroom, teachers guided them through engaging discussions and activities, helping them learn about conservation, sustainability, and the role each of us plays in caring for our planet. The combination of hands-on art and interactive learning made the celebration both meaningful and memorable for the children.

A WINNING SPIRIT NEVER STOPS!

Our Grades 2 and 3 football team displayed outstanding teamwork, determination, and sportsmanship at the INSA Football Tournament, Sarjapur. Their hard work and perseverance earned them the Runners-Up Trophy, making the school proud. Every player gave their best on the field, demonstrating confidence, discipline, and a true love for the game. Congratulations to our young footballers on this wonderful achievement, and we wish them continued success in the future!
